

Defining Needs and Progress Toward Improving Methods in Value Assessment

February 27, 2020

Kaiser Permanente Center for Total Health
700 2nd Street, NE
Washington, D.C. 20002

DRAFT AGENDA

Objectives:

- Identify methods-improvement needs by examining current barriers and gaps, and by reviewing established and emerging methods for improving value assessment
- Identify areas for research investment and collaborative solutions to address needs for methods improvement in value assessment
- Prioritize research agenda for improving methods to capture patient outcomes, patient preferences, and learning/evidence gained from comparative effectiveness research

8:30 a.m.

Registration & Breakfast

9:00 a.m.

Welcome and Introductions

- **Jennifer Bright**, Executive Director, Innovation and Value Initiative
- **Kristin Carman**, Director of Public and Patient Engagement, PCORI®
- **Facilitator: Ilisa Paul**, President, District Policy Group/DBR

9:15 a.m.

Finding A Common Starting Place

- **Jennifer Bright**, Executive Director, Innovation and Value Initiative
- **Ilisa Paul**, President, District Policy Group/DBR

9:30 a.m.

Panel Discussion

Methods Matter: Optimizing our Understanding of Value to Achieve Patient-Centered Decisions

- **Moderator: Eleanor Perfetto**, Executive Vice President of Strategic Initiatives, National Health Council
- **Murray Ross**, Vice President, Kaiser Foundation Health Plan and Director, Institute for Health Policy
- **Lou Garrison**, Professor Emeritus, Comparative Health Outcomes, Policy, and Economics (CHOICE) Institute, School of Pharmacy, University of Washington
- **Leah Howard**, Chief Operating Officer, National Psoriasis Foundation

10:15 a.m.

Discussion

10:30-10:45

Break

- 10:45 a.m.** **Break Out Session: Finding Common Ground on How to Improve Value Assessment Methods**
Identify areas of common ground on methods development, and pinpoint barriers or gaps that demand collective action.
- *What are the benefits and risks of additional and/or novel methods to improve value assessment?*
 - *What barriers exist to validation and application of such methods? How can those barriers be addressed?*
- 11:15 a.m.** **Report Out & Discussion**
- 11:45 a.m.** **Participant Polling**
- 12:00-1:00 p.m.** **Networking Lunch**
- 1:00 p.m.** **Let's Get Real About Change: A Conversation with Key Actors**
- **Facilitator: Ilisa Paul**, President, District Policy Group/DBR
 - **Mark Cziraky**, Vice President of Research, HealthCore, Inc.
 - **Donna Cryer**, President & CEO, Global Liver Institute; Interim Executive Director, PCORNet®, People Centered Research Foundation
 - **Dick Willke**, Chief Science Officer, ISPOR
- 1:45 p.m.** **Q&A**
- 2:00 p.m.** **Group Dialogue: What Are We Waiting For?**
- *What stymies progress in methods? What barriers need to be dismantled to create the right environment for methods development? What partnerships can get us started?*
- 2:45 p.m.** **Break**
- 3:00 p.m.** **Group Dialogue: Setting the Agenda**
- *What priorities have emerged from this dialogue? What are short-term opportunities to move forward?*
 - *Where is investment in long-term solutions needed? What will tell us we're making progress?*
- 3:45 p.m.** **Summary of Key Themes and Call to Action; Next Steps**
- 4:00 p.m.** **Acknowledgements, Evaluation & Adjourn**

This convening is partially funded through a Patient-Centered Outcomes Research Institute® (PCORI) Eugene Washington PCORI Engagement Award (EAIN #00101-IVIF)
