

IVI Board of Directors

Class of 2024 Slate of Nominees

Scott Brunner

Deputy Secretary of Hospitals and Facilities, Kansas Department of Aging and Disability Services

Scott Brunner is the Deputy Secretary of Hospitals and Facilities with the Kansas Department of Aging and Disability Services (KDADS.) This position provides executive oversight of the 4 state hospitals and the KDADS staff conducting surveys and certification reviews for long term care facilities and health occupations. Before starting at KDADS in January 2020, Scott was the Vice President for Stakeholder Relations for Aetna Better Health of Kansas, the new Medicaid health plan operating in the KanCare program. Before working for Aetna, Scott worked in a variety of roles in the Kansas Medicaid Program including State Medicaid Director, Chief Financial Officer, and Director of Informatics from 2004 through 2011. After leaving state service, Scott was the Coverage and Access Team Leader for the Kansas Health Institute, a state focused health policy think tank, during the implementation of the Affordable Care Act and Kansas' movement to full Medicaid managed care. Scott lives in Topeka, Kansas.

Susan A. Cantrell, RPh, MHL, CAE

Chief Executive Officer, Academy of Managed Care Pharmacy

Susan Cantrell is Chief Executive Officer of the Academy of Managed Care Pharmacy (AMCP), the national professional society whose members manage medication therapy benefits for the over 300 million Americans covered by public and private health plans. Susan leads the organization in fulfilling its mission of increasing patient access to affordable medicines, improving health outcomes, and ensuring the wise use of healthcare dollars. Since joining AMCP in 2016, she has worked to advance AMCP's policies to address rising healthcare costs, health disparities, and the shift toward paying for value in healthcare. Before joining AMCP, she was Senior Vice President and Managing Director, Americas for the Drug Information Association (DIA), a global society of professionals involved in the development and life-cycle management of pharmaceuticals and other medical products. She previously was Vice President of Resources Development at the American Society of Health-System Pharmacists (ASHP). She received her pharmacy degree from the University of Mississippi School of Pharmacy and

completed a postgraduate residency in hospital pharmacy at the University of Mississippi Medical Center. She received her master's degree in healthcare leadership at Western Governors University and completed a Certificate in Public Health from the University of North Carolina Gillings School of Public Health. A registered pharmacist and former practicing pharmacist in hospital, home care, and specialty pharmacy settings, she is certified by the American Society of Association Executives (ASAE) as a Certified Association Executive (CAE). She is co-author of three books providing career advice for pharmacists: *Letters to A Young Pharmacist: Sage Advice on Life and Career from Extraordinary Pharmacists* (2014), *Letters from Rising Pharmacy Stars: Advice on Creating and Advancing Your Career in a Changing Profession* (2017), and *Letters to a Young Pharmacist: Even More Sage Advice on Life & Career*, 2nd Ed. (2022).

**Lisa Bo Feng, DrPH***Senior Director, Alexion AstraZeneca Rare Disease*

Lisa Feng, DrPH is the Senior Director of Health Policy at Alexion, AstraZeneca Rare Disease which focuses on transforming the lives of people affected by rare diseases and devastating conditions. In her role at Alexion, Dr. Feng helps the company assess the evolving health policy landscape to lead efforts that help ensure patient access to current and future innovations. Prior to Alexion, Dr. Feng was Senior Director of Policy and Advocacy at the Cystic Fibrosis Foundation, where she led state and federal policy analysis and advocacy related to access to cystic fibrosis care and treatments. Dr. Feng was also responsible for the Value and Coverage program at FasterCures, a center of the Milken Institute. She has worked extensively on programs funded by the Center for Medicare and Medicaid Innovation and the Robert Wood Johnson Foundation. Dr. Feng is a health services researcher and has published on topics such as health care quality, diffusion of innovation, and health information technology. She received her doctorate in health policy at the George Washington University Milken Institute School of Public Health.
